THE FOLLOWING IS AN EXCERPT FROM THE POLICIES FOR DECONCENTRATION AS THEY ARE WRITTEN AND KEPT ON FILE AT THE MISSION HOUSING AUTHORITY

This policy is pre and post submission of our Plan

SECTION X ADMISSION REQUIREMENTS - PRE & POST 1981

The 1937 Housing Act and Amendments contains certain provisions pertaining to the admission of low-income and very low-income applicants to dwelling units available for occupancy before and after October 1, 1981. These requirements, which PHA's must comply with, are as follows:

1. Units built prior to October 1, 1981

Section 16(a) of the Housing Act of 1937 provides that not more than twenty-five percent (25) of the dwelling units that were available for occupancy under Annual Contributions Contracts (ACC) and Section 8 Housing Assistance Payments Contracts taking effect before October 1, 1981, and that are leased on or after that date, shall be available for leasing by low-income families other than very low -income families. HUD reserves the right to limit the admission of low-income families other than very low-income families to these units.

The 25% figure applies nationwide. Since it is unlikely that the 25% figure will be reached nationwide, HUD has implemented these provisions for A "older" developments by placing restrictions on the number of low-income families who are not very low-income families.

The PHA will comply with HUD prescribed reporting requirements that will permit HUD to maintain reasonably current data as to the number of dwelling units assisted in the Public Housing and Indian Housing programs, in which developments for which initial occupancy began before October 1, 1981, and the number of families occupying such units which were admitted on or after July 1, 1984, and were not very low-income families at that time.

2. Units built after October 1, 1981

Section 16(b) of the Housing Act of 1937, as amended, provides that not more than five percent (5%) of the dwelling units that initially became available for occupancy under public housing ACC and Section 8 Housing Assistance Payments Contracts on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

No low-income family other than very low-income families shall, after July 1, 1984, be approved for admission to any unit in a public housing or Indian housing development for which initial occupancy began on or after October 1, 1981, except with prior approval of HUD.

The Cranston-Gonzalez National Affordable Housing Act of 1990 provides that no more than twenty-five (25%) of the units in any development shall be available for occupancy by low-income families other than very low-income families. However, the limitation does not apply to any developments in which low-income families other than very low-income families occupied more than 25% of the units within the development prior to November 28, 1990. Also, the statute provides an exception for units available to prevent displacement. (Reference; 42 U.S.C.A. 1437n(b)(1)).

Consequently, the PHA will not permit the admission of any low-income families to its "new" developments unless HUD approves an exception.

A request by the Authority for approval of Admission of Low- Income families other than Very Low-Income families must state the basis for requesting the exception and provide supporting data.

Bases for exceptions that may be considered by HUD are:

- a. Need for a broader range of residents to obtain full occupancy.
- b. Loal commitment to attain occupancy by families with a broad range of incomes.
- c. Need for higher incomes to sustain homeownership eligibility in a homeownership development.
- c. Need to avoid displacing low-income families from a development acquired by the Authority for Rehabilitation.

B. COMMUNITY SERVICE REQUIREMENT (policy)

Each adult resident of public housing must contribute 8 hours of community service per month to the community in which the family resides. Exempted are those who are employed, elderly, disabled, participating in an economic self sufficiency program, excluded from the state's work requirements, or enrolled in a qualifying state program. The PHA must monitor the family's compliance annually and if the family fails to comply, the PHA must not renew the lease unless the family and the PHA have entered into an agreement for hours owed.

Our procedure is the following:

At the time of Re-Exam or an Interim Re-Exam, the interviewing Clerks are instructed to identify any adult family members that do not meet the community service exempt criteria.

If any are identified then they are made aware of the above mentioned policy. They are then referred to our Social Services department in order to coordinate appropriate jobs and what days out of the week they can perform these community service hours within our developments and or office.

This next year Mission Housing Authority plans to better coordinate with the City of Mission Library, Parks and Recreation and administration in order to place "community service tenants" in those areas as well.

All housing Authority resident households have been made aware of the community service requirement via letters resident meetings etc.

Currently there are 135 elderly persons exempt from the community service (CS) requirement.

There are 15 disabled individual persons that are exempt from the community service requirement.

There are approximately 253 adult individuals working in part time (greater than 20 hours/ week) and or full time employment and are exempt from the CS requirement

There are approximately 39 individuals that are in the FSS program that are attending the local college or university full time and therefore they are exempt from CS requirement

There are approximately 562 kids younger than 18 years of age and they are exempt from the CS requirement

We did however have tw(2) ladies through out the year volunteer at our Elderly Meal Center program that is funded by the Lower Rio Grande Development Council (COG). We have 2 ladies that volunteer at the Hidalgo County Head Start program located on the grounds of our development TX046001.

The Mission Housing Authority has been fortunate that much of the Public Housing Residents have sustained employment or are self employed

Also, in this region we have a large aging population, there exists many home health care agencies and adult day cares. Many of our female clients are employed as home health care nursing aids.

Over all only about one(1)percent of our clients are required to meet the community service requirement.
